Website: <https://www.steakbuenosaires.net/>

This is not your average steaks dinner. While it's no secret that Argentine beef is worth flying around the world for, visitors to Buenos Aires don't always get the chance to experience an Argentine Asado and its many rituals and traditions. At **Steaks by Luis**, they not only focus on high-quality cuts grilled to perfection but also the entire dining experience. They aim is for the guests to participate in a typical Argentine Asado and feel like they're in Luis' home.

While sitting around a big family table, they encourage everyone to get to know their neighbors and make new friends. We also invite you to move around the restaurant, join Luis alongside the grill or just sit back, relax and enjoy the event.

The **5-course Asado** includes a traditional picada, salad, achuras, the star of the evening, the Steak, and a dessert. Additionally, each course is paired with a specifically selected Argentine boutique wine to enhance your dining experience.

An Asado is so much more than a piece of beef on a plate so skip the parrilla circuit and join them for a night of food, wine and sharing as we bring the best of Argentine traditions into an urban, closed-door setting. Learn about the ingredients, techniques, secrets, rituals, and traditions that make Argentine asados so special. **Discover how Argentines prepare and enjoy their Asado from actual Argentines!**

** Luis was born and raised here in Argentina. When asked how he began doing asados his response was 'you don't start doing asados, it's part of life to know how to do them'. From age 11 he was put in charge of the parrilla (the grill) taking over for his grandfather Rodolfo, an expert whose craft he observed for years. Luis estimates that he has been the asador (Gillman) at over one thousand asados, which is why when it comes to having the best Argentine Asado experience, Luis is your man!*

Private Gaucho Experience at The Pampas - El Ombu de Areco Ranch

Private Experience (Shared Ranch) - Vehicle and English speaking guide at disposal. Includes: Reception with welcome drink and empanadas, lunch (with beverages and wine) & tea time with "mate" and pastries.

The invitation is to immerse in the local environment of this historical town, San Antonio de Areco, the cultural legacy of Gauchos, Argentine traditions and local craftsmen and Fine Arts. An aromatized aperitif flavored with various botanicals (roots, barks, flowers, seeds, herbs, and spices) typically served in town bars.

On arrival at San Antonio de Areco we will take a tour of the village which includes a walk around the historical heart of the city. Then, we will make their way to the exclusive Estancia 'El Ombu de Areco'.

The main house is surrounded by a covered gallery typical of the late-Colonial period, with a richly tiled floor and cascaded steps that lead into the gardens of the park. Presiding majestically over the park is the estancia's namesake, the great Ombú (*Phytolacca dioica*), a plant as characteristic of the pampas as the baobab is of the African savanna. Nearly as ancient as well: gauchos have been hitching their horses to the estancia's main Ombú for over a hundred years.

Once at the estancia the guests will enjoy horseback riding or go for a ride in a sulky or carriage, whilst enjoying some tapas with traditional cold cuts, cheeses, empanadas and beverages. At lunchtime the group will enjoy a typical country style barbeque prepared using only the finest quality meats. Dessert is accompanied by a folk music performance, which is followed by a demonstration of gaucho skills (Horse whisper or tropillas). Mate and pastries, to enjoy in the gardens by the pool.

Explore the 300-hectare (ca 750 acre) estancia on foot or, accompanied by seasoned gauchos, on one of the 38 horses that are part of the working drove. Horse drawn carriages are also available. Those that want to learn some of the thousand species of Argentinean birds are provided binoculars and guide books. Other recreational activities included are: a swimming pool with solarium; ping-pong; metegol (table football); volleyball and football; bicycle rides; etc.

A typical countryside village full of history and gaucho tradition that amazes its visitors. The magnificent “casco”, a house built by lieutenant General Pablo Riccheri in 1880, opens its “tranquera” every single day to offer its guests an unforgettable visit. The estancia was purchased in 1934 by Enrique Boelcke, Cristina and Eva’s grandfather and Diego and Juan Pablo’s great grandfather, who are the present owners. In 1993 the family decided to receive tourists, becoming one of the first Estancia in the country with more than 25 years of experience with visitors from Argentina and all over the world. More than 350 heads of cattle (Aberdeen Angus) and 70 horses graze in its fields. There is also soya, corn, oat or pastures, depending on the season ploughed in its fields.

Argentinean Side Waterfalls Full Day Tour

Regular Premium Service (Shared) | Guided tour in Spanish and English | Vehicle: Up to 19 Seats Van | Duration: Full day (6 hours) | National park tickets are included - Lunch is not included.

The Iguazú National Park is located in the northwest of the province of Misiones, at 11 miles from Puerto Iguazú. Its preserved ecosystem belongs to the Paraná Jungle eco region that covers almost all the provincial territory. The natural treasure being hosted are the Iguazú Waterfalls: 275 waterfalls that reach an altitude of almost 260 feet. They were declared one of the New Seven Wonders of Nature in the World and, also, Mankind Natural Heritage.

The Lower Circuit is composed of a trail approximately 0.8 miles (1.3 km) long that allows you to get close to some of the smaller waterfalls on the Argentinian side. Walk along the trail, which is equipped with both restrooms and snack bars, and get close to the Carlos Bozzetti Waterfall, where you can take some great photos.

The Upper Circuit, which is wheelchair accessible, allows you to see the top of the majestic falls on the Argentina side and enjoy a breathtaking panoramic view of the area. The view stretches from the Argentinian falls to San Martin Island and parts of the Brazilian falls.

Devil's Throat is the largest waterfall in the region and where the largest amount of water pours through Iguassu Falls. At an impressive altitude of 350 feet (107 meters), Devil's Throat is a must-see Iguassu Falls feature.

* The itineraries are liable to updates in order to provide a better service according to the day.

> Suggested Optional (Not included - In addition): Great Adventure

* Regular Service (Shared) - Duration: 2 hours. We recommend taking a change of clothes and the use of rain suit

The **Great Adventure** is unique, and combines the whole essence of the Iguassu National Park in one ride: the jungle and the waterfalls. It is offered daily every full hour, and the departures are from our Head Office or The Visitors Center.

It starts by entering the jungle from the "Sendero Yacaratía" trail with special transportation that allows a panoramic view of the environment along with experienced guides that give a lot of explanations as well as the legend of this spectacular place.

After an 8 km truck ride, we arrive at the Puerto Macuco Base, which is 100 meters away from the Infirmary and Service Station, and 100 meters of stairs ahead is the floating platform where the second part of this ride begins.

With motor-boats, we take visitors 6 km through the Canyon of the Iguassu River, until the falls, from these total, 2 km are river rapids. After enjoying the view from the calm side of San Martin Island we sail to the "Tres Mosqueteros" waterfall, at that point, the Brazilian and Argentinean sides and the Devil's Throat can be clearly appreciated. After that, we sail along the shore of the island until we get to the most exciting part where we face the San Martin waterfall, a wonderful and unforgettable experience, for it's the largest waterfall any motor-boat can approach safely.
