Day 2: Buenos Aires

Buenos Aires Sightseeing Experience with lunch at traditional Bodegon

Private Experience | 6 hs - Vehicle and English speaking guide assistance | 3-course lunch with 1 soft drink and a half bottle of wine per person included. | Mineral water on board | The itineraries are liable to updates in order to provide better service according to the day, and inclusions agreed for your tour.

Buenos Aires is one of the most fascinating cities in both Latin America and the world. Be it for its splendid and varied architecture, with its old Colonial buildings, French palaces and state-of-the-art skyscrapers; for its vibrant nightlife and endless cultural options; or maybe just for the rich **identity of the Porteños**, who proudly bear the European heritage of their ancestors, more and more visitors are coming to visit.

Visit Plaza de Mayo, the city's foundational site and witness of our country's political history. There we'll visit the Pink House, our Presidential Palace, the Cabildo, our primitive town hall, and the Neoclassical-style Metropolitan Cathedral, the final home of Argentina's founding father, José de San Martín.

We'll come across sumptuous French palaces again in Palermo Chico, the area of **Palermo** best known for its large parks designed by celebrated landscape architects, such as the illustrious Frenchman Charles Thays.

In **Retiro** and **Recoleta**, we will learn about the dream of our local aristocrats in the late 19th and early 20th centuries, when they sought to build a small-scale Paris in the heart of Buenos Aires. After visiting the impressive Plaza San Martín, where Jorge Luis Borges used to take his walks, we'll stroll down Avenida Alvear, chosen by the world's most distinguished brands to install their exclusive boutiques, looking up to see the many wonderful French-style palaces which nowadays house a number of embassies.

Then we'll visit the **Basílica de Nuestra Señora del Pilar**, one of the city's oldest churches, which dates to the Colonial era. Finally, we'll admire the celebrated **Recoleta Cemetery**, a true labyrinth of ornate mausoleums. We'll make a stop at **Eva Peron's grave**, one of the country's most recognizable icons.

We'll visit **Puerto Madero**, the latest addition to the city's barrios. In 1991, its huge warehouses and silos were remodeled and redesigned, to finally integrate the river to the city and to create a new corporate, residential, hotel and gastronomically district, which has become the playground for the pretty Porteños and the international jet-set.

We'll then head for **San Telmo**, one of the oldest neighborhoods in Buenos Aires. It used to be the residential district favored by the upper class until the late 19th century when a yellow fever epidemic caused the wealthier families to leave northwards. The area was marginalized until the 1970s when many artists and artisans came to San Telmo to install their workshops. Nowadays, thanks to its amazing architecture and hip atmosphere, this ancient neighborhood is really blooming. We'll walk its cobbled streets, where the city's Colonial past seems to come back to life, making a stop at **Plaza Dorrego**, best known for its traditional antiques fair, held every Sunday.

Leaving San Telmo behind, we'll continue southwards to **La Boca**, one of the city's most authentic and charming neighborhoods. It is a working-class district, heavily shaped by Italian immigrants who came to our country in large numbers during the last quarter of the 19th century. Here, we'll make a special visit to the mythical **Caminito Street**, which sums up everything that gives La Boca its distinctive spirit: the strong passion for soccer, the heavy presence of art and color, and the Tango-esque atmosphere.

Have lunch at a traditional restaurant - **Gran Parrilla del Plata** (<https://www.facebook.com/granparrilladelplata>).

Gran Parrilla del Plata is a classic corner of the Barrio de San Telmo, a place that once knew how to occupy a butcher shop. Undoubtedly the specialty of its menu is based on the quality of meat and achuras. The living room is recycled but keeps the hooks, the old meat slicer, the original tiles and majolica, and the tile floor of the 20s and 30s. This vintage space is musicalized to the rhythm of jazz, and has an attention Excellent. Or **El Obrero** : This popular, informal eatery began feeding mechanical workers around 1954. El Obrero keeps the tradition of great food at a good prices. The walls are like a living museum of the history of Argentine sports, especially soccer and boxing. You will also see photos of celebrities who have come to the restaurant.

Observations: Lunch can be scheduled in other areas of the city. Please note the itinerary can be customized as per guest choices and interests.

Website: almacendelacapilla.wix.com/almacendelacapilla | <http://www.narbona.com.uy/en/>

Departing from Colonia we start the tour visiting the birthplace of wine in Uruguay: "**La Calera de las Huérfanas**" National Monument (estimated distance: 70 km/43.5 mi - 55' on route). The history of this place says, that during the XVIII century the Jesuits established in the north of the Province of Colonia in Uruguay, where they continued their mission and built the first buildings in 1741. This is where Indians, slaves, and priests would gather. After the Jesuits were expelled by the Spanish crown, Don Juan de San Martín took the administration of the estancia and found 1500 stocks of grapevine; this is how wine production was born in Uruguay.

After getting to know this important place in the history of the Uruguayan wines, we proceed to **Carmelo** (distant about 17 km/10.5 mi - 20') where we will visit two wineries where you will enjoy a Lunch and a Wine Tasting.

Bodega Cordano is a small family-run winery which is led by Ana Paula Cordano and her family in the 5th Generation. Discover a unique place in our lands: "Almacén de la Capilla", a vintage grocery shop founded in 1855 by Antonio Cordano, and still looking like these old days. After a warm reception there, you know the production areas and you will enjoy a beautiful walk through the vineyards hearing the sweet sing of the birds. Cheer up to make a true journey through time, thanks to the magic of Bodega Cordano. Winery visit includes the guided tour through the vineyards and production area, led by the winery owners themselves. After that, you will enjoy a wine tasting.

Continue to the next winery, **Finca Narbona**. Their wine cellar has an area of 50 hectares located in the hull of the original farm dating from 1909 where Juan de Narbona founded one of the first wineries in the country. Faithful to the tradition in 1990 the hull is recycled, in 1998 the planting of vineyards began and in 2010 the construction of a new wine cellar began in the original hull for exclusive manufacture of premium wines.

Enjoy your visit with wine and cheese tasting, accompanied by their winemaker who will explain you the production process and their varieties. For lunch, you will enjoy a 4-steps meal with wine pairing.

We will then continue towards our friend Bernardo's boutique winery, El Legado where guests will spend the night.
